

**NATIONAL ASSOCIATION OF
PHARMACOLOGY AND THERAPEUTICS**

Promoting Pharmacology and Therapeutics for a Better Tomorrow

www.nationalpharmacology.org

Information brochure

About the organization

A national organization of medical doctors specialized in pharmacology /clinical pharmacology and therapeutics. Envisaged to provide strong leadership to promote pharmacology and therapeutics for a better tomorrow. The association is fostered by NMDP (National MD Pharmacology), a prestigious group of eminent pharmacologists.

Aims and objectives

- Empowering medical doctors specialized in Pharmacology/Clinical Pharmacology and Therapeutics.
- Promoting academic and clinical research in Pharmacology/Clinical Pharmacology and Therapeutics.
- Enhancing the standard of teaching/training in Pharmacology/Clinical Pharmacology and Therapeutics.
- Promoting Pharmacology/Clinical Pharmacology and Therapeutics for the benefit of patients and society

About National MD Pharmacology (NMDP) movement

National MD Pharmacology (NMDP) movement was launched on 28 January 2019 on social media. This movement concerned safeguarding the interests of medical doctors specialized in pharmacology/clinical pharmacology and therapeutics and promoting academic and research activities. Started initially with few members, the movement gained enormous momentum with the overwhelming support of eminent and senior pharmacologists from all over the country. Over time, NMDP has grown as a reputed group and established a unique identity among the pharmacology fraternity. Currently, it includes pharmacologists of more than 24 states and 5 union territories. The majority of members of NMDP are heads of departments/ senior faculty members/ directors of institutions/ researchers and consultants working in different medical institutions/research institutions and the pharmaceutical industry across the country

A glimpse on activities

- To establish a strong platform for all medical pharmacologists with MD/DNB/DM Pharmacology/Clinical Pharmacology and therapeutics degrees.
- To promote pharmacology and therapeutics for the benefit of mankind and to promote scientific research and technology in the specialty of pharmacology and therapeutics.
- To organize/convene conferences, seminars, workshops, camps, study circles meetings, symposiums, training sessions, etc., to promote pharmacology and therapeutics.
- To provide leadership in solving various challenges faced by the medical pharmacologist's community.
- To interact, help, or advise with government regulatory authorities in medical education (e.g., National Medical Commission) in developing policies/laws/course curriculum, etc., related to teaching and training of pharmacology and therapeutics for medical undergraduates and postgraduates of the country.
- To work for high standards of teaching and training to medical undergraduates and postgraduates in pharmacology and therapeutics by initiating workshops, e-learning modules, training sessions, seminars, symposiums, and development of need-based curriculum and newer teaching and training techniques.
- To help/advise government and regulatory authorities involved in the drug development process (e.g., CDSCO) for policy matters and advancement of the drug development process.
- To improve quality education/research in pharmacology and therapeutics by preparing and using innovative learning and training material and adopting scientific/computerized/web-based teaching and training techniques.

- To confer the title on eminent personalities and providing grants, scholarships, awards, medals, fellowships, financial assistance to the deserving /faculties/teachers/researchers/scholars/students related to the field of pharmacology and therapeutics.
- To promote Pharmacology and therapeutics by literary, cultural and social activities by health awareness program, education classes, lectures, exhibitions, cultural programs, press conferences, social seminars, etc.
- To publish journals, books, periodicals, magazines, newspapers, and bulletins. To post and circulate books, journals, magazines, documentary films, and other materials for promoting the objectives of trust/organization.
- To promote education and training in pharmacology and therapeutics by setting up education/training institutions and centers.
- To organize clinical trial/ clinical research/GCP (good clinical practices) training workshop and hands-on training sessions on various phases of the drug development process.
- To facilitate opportunities for career advancement of medical pharmacologists by bridging the gap between academia, the pharmaceutical, and the clinical research industry.
- To promote and facilitates career opportunities in pharmacology and therapeutics through Job counseling and interview training by eminent professionals.
- To promote ethical pharmaceutical marketing practices by conducting training of rational prescribing to practicing physicians on relevant topics such as critical evaluation of literature, concepts of patents/generics and pharmacovigilance etc.
- To do other things/acts/activities that are necessary and may be incidental or conducive to fulfilling the above aims and objects of the trust/organization.

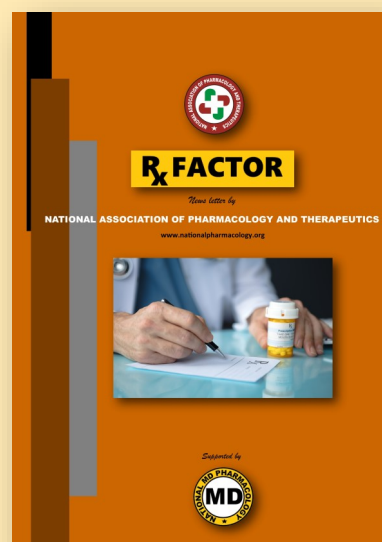

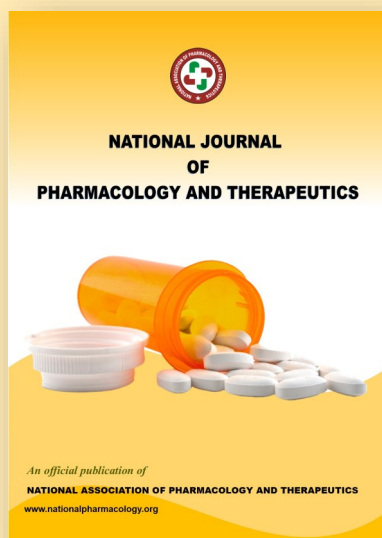

Benefits of life membership

- Receive permanent membership e-certificate through email.
- Use credentials MNPT (Member National Association of Pharmacology and therapeutics) against your name.
- Participate in scientific events i.e. conferences/seminars/workshops/symposiums at subscribed charges.
- Instant networking with fellow pharmacologists of country through social media.
- Receive free e-copy of the official journal of the organization.
- Receive free e-copies of other printed scientific material published by the organization.
- Receive regular scientific notifications/updates on behalf of the organization.
- Participate in general body meetings to speak and vote during the election or contest for various posts.

Eligibility criteria for life membership

A medical person who has obtained a post graduate medical qualification i.e. MD/DNB/DM in Pharmacology/ Clinical pharmacology & therapeutics) or its equivalent qualification from a recognized medical institution.

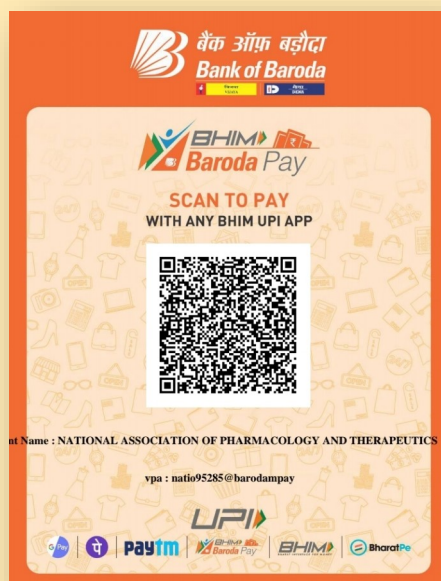

NATIONAL TELEGRAM GROUP
Regular recent academic/scientific/research updates
9528540756

Documents required

- Passport size photo.
- A Duly filled membership form.
- Copy of NMC/MCI/State medical council registration certificate of MD/DNB/DM or equivalent degree.
- Receipt of online payment for life membership

Details of life membership fee

Category	Fee
Indian nationals	2000 INR
Foreign nationals	250 UDS

Bank account details for fund transfer

Name of the account: National Association of Pharmacology and Therapeutics

Account Number: 00810200002249 **IFSC:** BARB0SAHARA (Read BARBZeroSAHARA),

Address: Main Branch Dehradun Road, Saharanpur, Uttar Pradesh

UPI ID: natio95285@barodampay

Mode of payment for membership

- Pay online through UPI/Paytm/Phone pe/Google Pay/BHIM Baroda Pay//Bharat Pe and save an image of fund transaction receipt with payment reference number and date/time of payment.
- A Pay cash deposit at the nearest Bank of Baroda branch with bank charges. Please note our bank details as mentioned above. Scan the counterfoil (at 100 dpi) and save as a proof of cash deposit.

Instructions to applying online membership

- First Make a payment of online fee/cash deposited at bank and secure payment receipt along with reference number with date and time
- A Click this link to fill online form (available on website www.nationalpharmacology.org)
- Attach recent passport sized photo (jpg/png<500kb), self-attested photocopy MD/DNB/DM Registration certificate (pdf/jpg/png < 2mb)
- Look carefully at the details for any correction in spelling or data entry before final submission of online form.
- It is advisable to send snapshot of membership form and payment transfer details to Coordinator National MD Pharmacology WhatsApp 9528540756
